## Jalebi game marathi answers

Answer Matt November 30, 2016 Jalebi - A game from Desi is now available for Android and iOS users, and this game from Happy Adda is said to be India's first multilingual word game for adults and children. Just touch your finger on the crossword grid, and tease your brain as you try to find hidden words. There isn't any frills for this game, only good old-fashioned brain teasing through word puzzles, and as the game promises, you can play it in a variety of languages, in addition to English. There are also various topics to tackle, such as movies, music, animals, food, celebrities, and many others. There really isn't anything to watch out for about unexpected twists and turns in game modes. But there may be some words that are unfamiliar to you, and it's not easy to figure out the first time around. That's why we came up with a list of Jalebi's answers and solutions - A Desi Word Game, covering the first 40 levels of the game. We recommend that you only check out this tutorial if you've tried some predictions but can't quite figure it out – scoop yourself up with all the answers that take away the game's challenges, after all!
